Candidates acquire the assessment and problem-solving skills needed to make good decisions in, on, and around the water. Bronze Medallion is a pre-requisite for assistant lifeguard training in Bronze Cross.

Pre-requisite(s): 13 years of age (or Bronze Star) and CPR-C.

The Lifesaving Society's Bronze Cross begins the transition from lifesaving to lifeguarding and prepares candidates for responsibilities as an assistant lifeguard. Candidates strengthen and expand their lifesaving skills and begin to apply the principles and techniques of active surveillance in aquatic facilities. Bronze Cross emphasized the importance of teamwork and communication in preventing and responding to aquatic emergencies. Bronze Cross is a pre-requisite for advanced training in the Society's National Lifeguard and leadership certification programs.

Pre-requisite(s): Bronze Medallion and Intermediate First Aid CPR-C & AED.
