The Village of Donnelly would like to remind ALL Residents that it is illegal to throw your litter away at the Public Works Department Yard. Currently, we have (1) one area to dispose of your yard waste such as leaves, tree trimmings, wood with NO NAILS/SCREWS, etc and (1) one Metal bin for METAL ONLY.

It has come to our attention that Residents are using the Public Works Department Yard to dispose of their television, fridges, stoves, microwaves and other garbage and not using the Metal Bin for METAL ONLY.

The Village of Donnelly, effective immediately, will be monitoring each vehicle and/or person that enters the yard. If you are found disposing of your litter at the yard site, you will be referred to the Bylaw Officers and fines will be imposed as well as written notice forthwith to remove it from Village property.

Below is a list of items that CANNOT be dumped into the Metal ONLY Bin:
